INTRODUCING THE CRYPTO COIN TRUST

FEATURES INCLUDE:

- 1 Lifetime income for you and/or others
- 2 Immediate charitable tax deduction
- 3 Bypass of capital gains taxes
- 4 Meaningful support for your community

How does the Crypto Coin Trust (CCT) work?

The Salvation Army, as trustee, sells and invests the proceeds from the sale of your Crypto Coins which funds the CCT.

You avoid immediate capital gains taxes and qualify for immediate income tax benefits.

The Trust pays income to you and/or others for life or a term of years.

At the end of all beneficiaries' lifetime, the Trust distributes the remaining assets to The Salvation Army to be used according to your instructions to help those less fortunate in the community.

The Trust documents are prepared at no cost when The Salvation Army is the primary charitable beneficiary.
